

## CREWENNA AMADEUS

Bred here, Amadeus is a bay black son of Lillyfield Jack of Spades and Inca Garnier (sire Popham Thunder). From the day he was born I knew he was special and he has more than fulfilled all the hopes we had. As an intermediate he is unbeaten, he was shown 4 times, 4 first places, 4 Champion placings including BAS National Show Black Champion Male 2017. Judged on the day by Peter Kennedy (Canchones, Australia) and Nick Harrington-Smith (Alpaca Evolution, UK) their comments testify the 'complete package' that this male represents.

Fabulous density, uniformity of micron and colour, good length of staple, stunning handle and lustrous brightness on a perfect frame - deep chest, strong hind quarters and great spring of rib, it is the overall combination of attributes that placed Amadeus unanimously above the rest, by both Judges as Champion at Telford 2017. The consistent comment by Judges as a Junior and Intermediate is that Amadeus has a fantastic phenotype, that represents a breed type to be desired.

Temperament plays an important part of our breeding - Amadeus has a gentle, solid nature, easy to handle, mixes with other males without issues. He developed early at every stage and started mating in 2017, his first progeny due in 2018.
